Annex Requirement	44

1. Solicitation of Offers.

1.1. Introduction. Canada requests offers from Offerors to meet its requirements. For the convenience of Offerors, a brief description is set out below with detailed requirements in subsequent sections of this solicitation of offers. If interested and able to meet these requirements, Canada appreciates and welcomes an offer.

1.2. Offers. Canada is seeking proposals from qualified Offerors to provide goods to the Department of National Defence as defined in the Annex Requirement.

1.3. Delivery Date. All the deliverables must be received on or before October 1, 2026.

1.4. Delivery Points. Delivery of the requirement will be made to delivery point(s) specified at Annex Requirement of the contract.

1.5. Disclosure of Greenhouse Gas Emissions and Setting of Reduction Targets. Canada is committed to achieving net-zero greenhouse gas (GHG) emissions by 2050 to position Canada for success in a green economy and to mitigate climate change impacts. As a result, future solicitation of offers may include the following:

- a. Evaluation criteria or other instructions in the solicitation of offers or contract documents related to measuring and disclosing your company's GHG emissions;
- b. Requested or required to join one of the following initiatives in order to submit an offer or if awarded a contract:
 - i. Canada's Net-Zero Challenge
 - ii. the United Nations Race to Zero
 - iii. the Science-based Targets Initiative
 - iv. the Carbon Disclosure Project (CDP);
 - v. the International Organization for Standardization (ISO);
 - vi. Climate Action 100+;
 - vii. Climate Engagement Canada
- c. An optional or mandatory requirement to provide other evidence of your company's commitment and actions toward meeting net-zero targets by 2050.

2. Offer Requirements.

2.1. Security Requirements. There are no security requirements associated with this solicitation of offers.

2.2. Solicitation of Offer Submission Eligibility. Barring any other conditions or international sanctions, Canadian Suppliers, Suppliers of an Applicable Trading Partner and Suppliers of a Non-Trading Partner, as defined in the Annex Solicitation of Offers definitions, are eligible for this solicitation of offers.

2.3. Environmentally Preferable Packaging - Optional.

- a. **Procurement of Environmentally Preferable Plastic Products.** The Government of Canada is committed to promoting the procurement of environmentally preferable plastic products and the reduction of associated plastic packaging waste to protect the environment by including environmentally preferable packaging specifications, in accordance with the [Policy on Green Procurement](#), the [Greening Government Strategy: A Government of Canada Directive](#), and the [Ocean Plastics Charter](#).

- b. **Packaging Material.** All packaging material related to this requirement, except for excluded material and specialized packaging as defined below, should be reusable, returnable, or recyclable in accordance with Annex Solicitation of Offers Definitions.
- c. **Excluded material.** Environmentally preferable material alternatives in packaging tape are not widely available. As a result, packaging tape is considered to be excluded from the environmentally preferable packaging specifications until the market has progressed and studies become available to determine otherwise.
- d. **Specialized packaging.** Packaging can be considered "specialized" if the intended use of the packaging requires technical performance specifications with no environmentally preferable alternatives. For example, when transporting hazardous materials, if there is a need for a specific density of materials, or if they must be temperature controlled.

3. Offeror Responsibilities.

3.1. Offeror Responsibilities. Each Offeror should:

- a. obtain any clarification it considers necessary of the solicitation of offers requirements before submitting an offer;
- b. prepare its offer in accordance with the solicitation of offers instructions;
- c. submit a complete offer by the closing date and time as per the instructions noted in section titled "Offer Submission";
- d. provide a comprehensible and sufficiently detailed offer, including all requested pricing details that will enable Canada to complete its evaluation based on the solicitation of offers criteria, and
- e. comply with all other requirements of this solicitation of offers.

3.2. Legal Capacity. The offeror must have the legal capacity to contract. If the Offeror is a sole proprietorship, a partnership (if Common Law) or a general partnership (if Civil Law), or a corporate body, the Offeror must provide, if requested by the Contracting Authority, a statement and any requested supporting documentation indicating the laws under which it is registered or incorporated together with the registered or corporate name and place of business. This also applies to offerors submitting an offer as a joint venture.

3.3. Compliance with Code of Conduct. The Offeror must comply with Canada's [Code of Conduct for Procurement](#).

3.4. Ineligibility and Suspension Policy.

- a. **Mandatory Compliance.** The Ineligibility and Suspension Policy (the "Policy") in effect on the date the solicitation of offers is issued, and all related Directives in effect on that date, are incorporated by reference into, and form a binding part of the solicitation of offers. The Offeror must comply with the Policy and Directives, which can be found at the [Office of Supplier Integrity and Compliance website](#).
- b. **Policy Summary.** The Policy sets out the circumstances under which Canada may determine that the Supplier is ineligible to enter, or is suspended from entering into a Contract with Canada. The list of ineligible and suspended Suppliers is maintained on the [Office of Supplier Integrity and Compliance website](#).
- c. **Offeror Responsibilities.** The Offeror must provide the following:
 - i. a [List of Names for integrity verification](#) that includes all information required by the Policy (section 13 – Disclosure); and

-
- ii. if the Offeror is unable to certify all of the statements in the sub-clause below entitled "Offeror Certifications", a completed [Integrity Declaration Form](#) providing all requested information and details of any material event that may affect the status of itself, its affiliates or its proposed first-tier subcontractors under the Policy.
 - d. **Offeror Certifications.** Subject to the sub-clause below entitled "Integrity Declaration Form", by submitting an offer in response to this solicitation of offers, the Offeror certifies that:
 - i. it has read and understands the [Ineligibility and Suspension Policy](#);
 - ii. it understands that certain circumstances, as described in the Policy, will or may result in a determination of ineligibility or suspension under the Policy;
 - iii. it is aware that Canada may request additional information, certifications, and validations from the Offeror or a third party for the purpose of making a determination of ineligibility or suspension;
 - iv. none of the circumstances described in [Appendix 2 of the Policy](#) that will or may result in a determination of ineligibility or suspension, apply to itself, its affiliates or its proposed first tier subcontractors; and
 - v. it is not aware of a determination of ineligibility or suspension issued by Canada that applies to it.
 - e. **Integrity Declaration Form.** Where an Offeror is unable to provide any of the certifications required by the sub-clause above entitled "Offeror Certifications", at the time of its offer it must submit a completed [Integrity Declaration Form](#).
 - f. **Compliance with Certifications.** Canada will declare non-compliant any offer in respect of which the information requested is incomplete or inaccurate, or in respect of which the information contained in a certification or declaration is found by Canada to be false or misleading in any respect. If Canada establishes after award of the Contract that the Offeror provided a false or misleading certification or declaration, Canada may terminate the Contract for default. Pursuant to the Policy, Canada may also determine the Offeror to be ineligible for award of a Contract for providing a false or misleading certification or declaration.

3.5. Conflict of Interest.

- a. **Right to Reject.** Canada may reject an offer if the Offeror, any of its subcontractors, or any of their respective employees or former employees
 - i. was involved in any manner in the preparation of the solicitation of offers or in any situation of conflict of interest or appearance of a conflict of interest, or
 - ii. had access to information related to the solicitation of offers that was not available to other offerors and that would, in Canada's opinion, give or appear to give the Offeror an unfair advantage.
- b. **Experience Not an Unfair Advantage.** Canada will not consider any experience any Offeror has acquired by providing the goods and/or services described in the solicitation of offers (or similar goods and/or services), in itself, as conferring an unfair advantage or creating a conflict of interest.
- c. **Notification of Rejection.** If Canada intends to reject an offer under this section, the Contracting Authority will inform the Offeror and provide the Offeror an opportunity to make representations.

3.6. Insurance. The successful Offeror will be responsible to meet insurance requirements in accordance with the resulting contract section entitled "Insurance".

4. Offer Submission.

4.1. Offer Receipt. Canada will consider only offers submitted to the Department of National Defence (DND) Bid Receiving Mailbox by the date and time indicated on page 1 and the "Offer Submission" section of the solicitation.

4.2. Offer Sections. Offerors are requested to submit their offers separated into the following sections:

- Section I: Technical Offer;
- Section II: Financial Offer;
- Section III: Offer Submission Form and Offeror Declaration Form; and
- Section IV: Additional Information

4.3. Delayed Offers.

- a. **Late Offers.** Canada will not consider offers delivered after the offer submission closing date and time as indicated on the cover page.
- b. **Cause of Delay.** Misrouting or other electronic delivery issues resulting in late submission of bids will not be accepted.

4.4. Offers Submitted by Electronic Mail (E-Mail).

- a. **Submission by Electronic Mail.** Offerors must submit their offers by e-mail.
- b. **Bid Receiving Mailbox Address.** As specified on the first page of the solicitation, Offerors must submit offers by e-mail to:
 - i. DLP53BidsReceiving.DAAT53receptiondessoumissions@forces.gc.ca
Note: Offers addressed to the Contracting Authority will not be accepted.
- c. **E-mail Requirements.**
 - i. **Transmission Capacity.** Canada has the capacity to receive multiple documents. A limit of five (5) MB per e-mail is recommended, as individual e-mails exceeding this limit, or that includes other factors such as embedded macros and/or links, may be rejected by the DND e-mail system and/or firewall(s) without notice to the Offeror or Contracting Authority.
 - ii. **Message Fields.** The Offeror must identify the solicitation number in the subject line of the e-mail(s).
 - iii. **Acknowledgement of Receipt.** The offer Receiving Unit will send an acknowledgement of the receipt of offer document(s) via e-mail. This acknowledgement will confirm only the receipt of offer document(s) and will not confirm if Canada is able to open the attachments or that the content is readable.

4.5. Offer Submission Method Restrictions. Canada will not accept offers submitted in any other manner.

4.6. Offer Submission Requirements.

- a. **Authority.** Each Offeror (and each member of a Joint Venture submitting an offer) must
 - i. have legal capacity to contract and
 - ii. sign the offer by an authorized representative of the Offeror. If a Joint Venture Offeror submits an offer, the Joint Venture will be required to identify its representative chosen to act on behalf of the Joint Venture (if the Offeror has not done so in the offer, Canada will provide it a deadline to do so).

-
- b. Offer Identification.** Each Offeror must ensure that its name, its return address, the solicitation of offers number, and the solicitation of offers closing date and time are clearly visible on any envelope or parcels containing samples or any paper offer as applicable
 - c. Validity of Offers.** Offers will remain open for acceptance for a period of not less than **90 calendar days** from solicitation of offers closing date, unless specified otherwise in the solicitation of offers. Canada reserves the right to seek an extension of the offer validity period from all compliant Offerors in writing, at least three calendar days before the end of the offer validity period. If all compliant Offerors agree to extend their offers, Canada will continue with the evaluation of the offers. If not all compliant Offerors extend their offers, Canada, at its sole discretion, will either continue with the evaluation of the offers of those who have accepted the extension or cancel the solicitation of offers.
 - d. Offer Language.** Offerors may submit their documents and supporting information in either English or French.
 - e. Offer Become Property of Canada.** Offers received on or before the solicitation of offers closing date and time will become the property of Canada and Canada will not return them to Offerors. Canada will treat all offers as confidential, subject to the provisions of the [Access to Information Act](#) and the [Privacy Act](#).
 - f. No Assignment of Offers.** An offer cannot be assigned or transferred in whole or in part.
 - g. Joint Ventures.** If a contract is awarded to a Joint Venture, all members of the Joint Venture will be jointly and severally or solidarily liable for the performance of any resulting contract.

4.7. Technical Difficulties of Offer Transmission. Despite anything to the contrary in this solicitation of offers, where an Offeror has commenced transmission of its offer through an electronic submission method in advance of the solicitation of offers closing date and time, but due to technical difficulties, Canada was unable to receive or decode the entirety of the Offer by the deadline, Canada may nonetheless accept the entirety of the Offer received after the solicitation of offers closing date and time, provided that the Offeror can demonstrate the following:

- a.** The offeror contacted Canada in advance of the solicitation of offers closing date and time to attempt to resolve its technical difficulties; OR
- b.** The electronic properties of the Offer documentation clearly indicate that all components of the Offer were prepared in advance of the solicitation of offers closing date and time.

4.8. Completeness of the Offer. After the closing date and time of this solicitation of offers, Canada will examine the Offer to determine completeness. The review for completeness will be limited to identifying whether any information submitted as part of the offer can be accessed, opened, and/or decoded. This review does not constitute an evaluation of the content, will not assess whether the Offer meets any standard or is compliant to all solicitation of offers requirements, but will be solely limited to assessing completeness. Canada will provide the Offeror with the opportunity to submit information found to be missing or incomplete in this review within two business days of notice. The offer will be reviewed and deemed to be complete when the following elements have been submitted by the offeror:

- a.** certifications and securities required at offer closing are included;
- b.** offers are properly signed, that the offeror is properly identified;

-
- c. acceptance of the terms and conditions of the solicitation of offers and resulting contract;
 - d. that all documents (including certifications, declarations and proofs) created prior to offer closing but due to technical difficulties Canada was unable to receive them, have been properly submitted and received by Canada.

4.9. Provision of Documentation. Canada will make available Notices of Proposed Procurement, solicitation of offers, and related documents for download through the Government Electronic Tendering Service. Canada is not responsible and will not assume any liabilities whatsoever for the information found on websites of third Parties. Canada will not notify Offerors if it amends a Notice of Proposed Procurement, a solicitation of offers, or any related documentation. It will post all amendments (including significant enquiries received and their replies) using Government Electronic Tendering Service. Offerors are responsible for regularly consulting Government Electronic Tendering Service for the most up-to-date information. Canada will not be liable for any oversight on the Offeror's part nor for notification services offered by a third Party.

4.10. Offer Costs. The Offeror is solely responsible for all costs associated with preparing and submitting its offer, as well as any costs it incurs in the evaluation of its offer.

4.11. Applicable Laws. Any Contract must be interpreted and governed, and the relations between the Parties determined, by the laws in force in a Canadian province or territory. Offerors may insert the Canadian province or territory of their choice in the Offer Submission Form. If the Offeror does not include this information in the Offer Submission Form, the applicable laws will be those of **Ontario**.

4.12. Entire Requirement. The solicitation of offers documents contain all the requirements relating to the solicitation of offers; no other information or documentation is relevant. Offerors should not assume that practices used under previous solicitations of offers or contracts will continue or that the Offeror's existing capabilities meet the requirements of the solicitation of offers simply because they have met previous requirements.

5. Communications.

5.1. Communications During Solicitation of Offers Period. To ensure the integrity of the competitive process, the Offeror must direct all questions and other communications regarding the solicitation of offers only to the Contracting Authority identified in the solicitation of offers. Failure to comply may result in Canada rejecting the offer.

- a. **Period for Questions.** Offerors should submit all questions in writing no later than **7 business days** before the offer closing date. Canada may not respond to questions submitted after this.
- b. **Detail of Questions.** Offerors must accurately reference the numbered item of the solicitation of offers to which the question relates and explain each question in sufficient detail to enable Canada to provide an accurate answer.
- c. **Proprietary Questions.** For any technical questions containing proprietary information, Offerors must clearly mark those questions as "proprietary". Canada will treat such questions as proprietary except where Canada determines that the question is not of a proprietary nature. Canada may edit the question(s) or may request that the Offeror revise the question(s) to eliminate the proprietary nature of the question(s) and Canada can provide the answer to all Offerors. Canada may not answer questions that are not in a form it can distribute to all Offerors.

5.2. Offer Debriefings. Offerors may request a debriefing on the results of the solicitation of offers process. Offerors should make such a request to the Contracting Authority within **15 business days** from its receipt of the results of the solicitation of offers process. Canada may provide the debriefing in writing, by telephone, or in person.

5.3. Offer Challenge and Recourse Mechanisms.

- a. **Challenges to Procurement Process.** Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.
- b. **Offer Challenge and Recourse Mechanisms.** Canada encourages suppliers to bring their concerns first to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)", contains information on potential complaint bodies such as:
 - i. Office of the Procurement Ombudsman (OPO)
 - ii. Canadian International Trade Tribunal (CITT)
- c. **Deadlines for Filing Complaints.** There are strict deadlines for filing complaints; the time periods vary depending on the particular complaint body. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

6. Technical Proposal and Forms.

6.1. Technical Offer Contents.

- a. **Requirements.** Offerors should: demonstrate their understanding of the requirements contained in the solicitation of offers;
 - i. concisely explain how they will meet these requirements; and
 - ii. address the points that are subject to the evaluation criteria against which the Offer will be evaluated. Simply repeating a statement contained in the solicitation of offers is not sufficient.
- b. **Organization.** Offerors should address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, an Offeror may refer to different sections of its offer by identifying where it has already addressed the subject topic, by identifying the specific paragraph and page.

6.2. Offer Submission Form. Each Offeror is required to include the Offer Submission Form (Annex Offer Submission Form) with their offers. If Canada determines that the information required by the Offer Submission Form is incomplete or requires correction, Canada will provide the Offeror with a deadline to do so.

6.3. Offeror Declaration Form. Each Offeror is required to include the Offeror Declaration Form (Annex Offeror Declaration Form) in which it certifies to Canada all the information required by the Offeror Declaration. If Canada determines that the information required by the Offeror Declaration Form is incomplete or requires correction, Canada will provide the Offeror with a deadline to do so.

6.4. Equivalent Products.

-
- a. Products To Be Considered.** Products that are equivalent in form, fit, function, quality and performance to the item(s) specified in the solicitation of offers will be considered where the Offeror:
- i. designates the brand name, model and/or part number, and NATO commercial and government entity code (NCAGE) of the substitute product;
 - ii. provide at least one of the following technical data;
 - a. The manufacturer's engineering drawing (minimum level 2), or
 - b. Industrial specification data / information sheets from the true (Design Control) manufacturer, or
 - c. Manufacturer's catalogue of components.
- b. Products Not To Be Considered.** Products offered as equivalent in form, fit, function, quality and performance will not be considered if:
- i. the offer fails to provide all the information requested to allow the Contracting Authority to fully evaluate the equivalency of each substitute product; or
 - ii. the substitute product fails to meet or exceed the mandatory performance criteria specified in the solicitation of offers for that item; or
 - iii. the technical documentation fails to have been acquired from the design control authority (note that the technical documentation from a supplier or subsidiary manufacturer is not acceptable).
- c. Demonstration of Equivalent Product.** In conducting its evaluation of the offers, Canada may, but will have no obligation to, request Offerors offering a substitute product to provide technical information demonstrating the equivalency (e.g. drawings, specifications, engineering reports, and/or test reports), or to demonstrate, at the sole cost of Offerors, that the substitute product is equivalent to the item specified in the solicitation of offers within **7 calendar days** of the request. If the Offeror fails to provide the requested information within the specified delay, Canada may declare the bid non-responsive.

6.5. Substitute Products - Samples.

- a. Canada's Request for Sample.** If the Offeror offers a substitute product, Canada may request a sample in order to determine its equivalency in form, fit, function, quality and performance to the item specified in solicitation of offers.
- b. Canada's Review of Sample.** If the **Contracting Authority** so requests, the Offeror must provide a sample to the Technical Authority, transportation charges prepaid and without charge, within **14 calendar days** from the date of request. The sample will remain Canada's property; Canada will not consider it as part of the deliverables in any resulting contract. If the sample does not meet the requirements of the solicitation of offers or the Offeror fails to comply with the Contracting Authority's request, Canada will declare the offer to be non-compliant.

7. Financial Proposal.

7.1. Financial Offer. Offerors must submit firm prices, Delivered Duty Paid (DDP) at **25 CFSD Montreal and 7 CFSD Edmonton** Incoterms 2020, Applicable Taxes excluded. The total amount of Applicable Taxes must be shown separately.

7.2. Pricing. Offerors must provide individual prices for each item and destination.

7.3. Exchange Rate Fluctuation. Canada is not offering exchange rate fluctuation risk mitigation for this solicitation of offer. Canada will declare any offer non-compliant if there is any indication that offer is conditional on exchange rate fluctuation protection.

8. Technical Evaluation.

8.1. Mandatory Technical Criteria. Offerors must provide the Part Number or equivalent and the NCAGE as noted in Annex Requirement.

9. Financial Evaluation.

9.1. Evaluation of Price. Canada will evaluate all offers in Canadian dollars, Applicable Taxes excluded, delivery, and Canadian customs duties and excise taxes included.

9.2. Price Justification. If an offer is the sole compliant offer received, the Offeror must provide, on Canada's request, one or more of the following:

- a. a current published price list indicating the percentage discount available to Canada;
- b. a copy of paid invoices for the like quality and quantity of the goods, services, or both sold to other customers;
- c. a price breakdown of all costs (including labour, materials, transport, general and administrative overhead, transportation, etc.) and profit;
- d. price or rate certifications; and
- e. any other supporting documentation that Canada may request.

10. Evaluation Procedures.

10.1. Assessment. Canada will assess offers in accordance with the entire requirement of the solicitation of offers including the Technical and Financial evaluation criteria. Canada will declare any offer that fails to meet all mandatory solicitation requirements non-compliant.

10.2. Conduct of Evaluation.

- a. **Support for Offer Requirements.** Canada may, but will have no obligation to, do the following:
 - i. seek clarification or verification as to any information provided,
 - ii. contact any references to verify any information it submitted,
 - iii. request information about the Offeror's legal status,
 - iv. conduct a survey of the Offeror's facilities,
 - v. examine the Offeror's its technical, managerial, and financial capabilities,
 - vi. correct any error in;
 1. the extended pricing of offers by using unit pricing, or
 2. the quantities in offers to reflect the quantities stated in the solicitation of offers (and, in the case of error in the extension of prices, the unit price will govern),
 - vii. verify any information the Offeror provided, or
 - viii. interview, at the Offeror's sole cost, the Offeror, any resources it proposes to fulfill the solicitation of offers requirements or both.
- b. **Compliance.** The Offeror must comply with any such request within the time specified in Canada's request. Failure to comply will render the offer non-compliant.

10.3. Evaluation Based on Documents Provided. Unless otherwise specified in this solicitation of offers, Canada will evaluate only the documentation provided with the offer.

Canada will not consider information such as references to website addresses where additional information can be found, or technical manuals or brochures not submitted with the offer.

10.4. Evaluation Team. An evaluation team composed of representatives of Canada will evaluate the offers.

10.5. Rights of Canada. Canada may:

- a. reject any or all offers in response to the solicitation of offers;
- b. enter into negotiations with Offerors on any or all aspects of their offers;
- c. accept any offer in whole or in part without negotiations;
- d. cancel the solicitation at any time;
- e. reissue the solicitation;
- f. if no compliant offers are received and the requirement is not substantially modified, reissue the solicitation of offers by inviting only the Offerors who submitted an offer to resubmit within a period designated by Canada; or
- g. negotiate with the sole compliant Offeror to ensure the best value to Canada.

10.6. Rejection of Offer.

- a. **Corrective Measure Rejection.** Canada **will** reject an offer where the Offeror or subcontractor included as part of the offer is subject to a corrective measure, following an assessment under the Vendor Performance Corrective Measure (VPCM) Policy, which renders them ineligible to offer on the requirement.
- b. **Rejection for Other Causes.** Canada **may** reject an offer where:
 - i. **Bankruptcy.** The Offeror is bankrupt or its activities are inoperable for an extended period;
 - ii. **Improper Conduct.** The Offeror or an employee or subcontractor included as part of the offer:
 1. based on evidence satisfactory to Canada, has committed fraud, bribery, fraudulent misrepresentation or failed to comply with laws protecting individuals against any manner of discrimination;
 2. based on evidence satisfactory to Canada, has conducted themselves improperly in the past;
 - iii. **Suspension or Termination.** The Offeror or an employee or subcontractor included as part of the offer has been suspended or terminated by Canada for default under a contract with Canada;
 - iv. **Poor Performance.** In Canada's opinion, the Offeror's performance on other contracts, including the efficiency and workmanship as well as the extent to which the Offeror performed the work in accordance with contractual clauses and conditions, is sufficiently poor to jeopardize the successful completion of the requirement;
 - v. **Not Good Value.** In Canada's opinion, it does not offer good value to Canada;
 - vi. **Prejudicing Integrity or Fairness - Multiple Offers from Single Offeror or Joint Venture.** Canada may apply additional scrutiny when it receives multiple offers in response to a solicitation of offers from a single Offeror or a Joint Venture. Canada may reject any offer submitted by a single Offeror or Joint Venture if their inclusion
 1. in the evaluation has the effect of prejudicing the integrity and fairness of the process, or
 2. in the procurement process would distort the solicitation of offers evaluation or would not provide good value to Canada.

vii. Ability to Make Representations. If Canada intends to reject an offer under (iii) or (iv), the Contracting Authority will inform the Offeror and give the Offeror ten calendar days within which to make representations, before making a final decision on the offer rejection.

11. Basis of Selection.

11.1. Lowest Evaluated Price with Mandatory Technical Criteria. For Canada to declare an offer compliant, the offer must comply with the requirements of the solicitation of offers and meet all mandatory technical evaluation criteria. Canada will consider the compliant offer with the lowest evaluated price for award.

12. Additional Information.

12.1. Condition of Material - Offer. The Contractor must supply material that is new, and that conforms to the latest issue of the applicable drawing, specification and part number that is in effect on the solicitation of offers closing date.

RESULTING CONTRACT CLAUSES

The following clauses and conditions apply to and form part of any contract resulting from the solicitation of offer being accepted.

1. Summary

1.1. The Contract is for [Spare parts for Construction Engineering Equipment](#) as described in Annex Requirement .

2. Performance of Work.
