IMPORTANT NOTICE TO BIDDERS

TWO PHASE SELECTION PROCESS

This is the first phase (Phase 1) of a two-phase competition: the first phase will evaluate the qualifications of all bidders; the second phase (Phase 2) will invite the qualified bidders to provide a financial bid on the project based on the specifications and drawings. Upon award of contract in Phase Two the pre-qualification list will be terminated, no additional contracts will be awarded.

DEBRIEFING

Should a bidder desire a debriefing, the bidder should contact the Contracting Authority of the Request for Qualifications within 15 working days of the notification of the results of the solicitation. The debriefing will include an outline of the strengths and weaknesses of the submission, referring to the evaluation criteria. The confidentiality of information relating to other submissions will be protected. The debriefing may be provided in writing, by telephone or in person.

BID CHALLENGE AND RECOURSE MECHANISMS

- (a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. The CanadaBuys website, under the heading "[Following Up on a Bid](#)" contains information on potential complaint bodies such as:
 - Office of the Procurement Ombudsman (OPO)
 - Canadian International Trade Tribunal (CITT)

The Office of the Procurement Ombudsman (OPO) was established by the Government of Canada to provide an impartial, independent venue for Canadian bidders to raise complaints regarding the award of certain federal contracts under \$34,700 for goods and \$139,000 for services. If you have concerns regarding the award of a federal contract below these dollar amounts, you may contact OPO by e-mail at boa.opo@boa-opo.gc.ca, by telephone at 1-866-734-5169, or by web at www.opo-boa.gc.ca.

- (c) Suppliers should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

LIST OF PRE-QUALIFIED BIDDERS

A list of pre-qualified bidders from Phase 1 will not be released. Contract award notice of the successful bidder of Phase Two will be posted on [CanadaBuys](#).

INSTRUCTIONS TO BIDDERS

1. This is a two (2) phase selection process. Bidders responding to this selection process are requested to submit a bid in two phases. Phase 1 bid covers only the qualifications and experience of the Bidder. Following the evaluation of the submissions, Bidders will be advised of their standings. Pre-Qualified Bidder(s) will advance to Phase Two. Bidders will be sent via email an Invitation to Tender (ITT) including the specifications and drawings for the financial evaluation in relation to the requirement.
2. **ENQUIRIES:** All enquiries are to be submitted in writing to the Contracting Authority at DFO.tenders-soumissions.MPO@dfo-mpo.gc.ca; with the heading "30007982 – Request for Qualification".

Enquiries are to be made in writing and should be received no less than seven (7) working days prior to the closing date to allow sufficient time to respond.

3. **Qualification Submittal** - Appendix 2 – Phase 1 Qualification Form must be submitted **ONLY** to Fisheries and Oceans Canada by the date, time and place indicated on page 1 of the Request for Qualifications. Fisheries and Oceans Canada will not assume responsibility for submissions directed to any other location.

The maximum size per email (including attachments) is limited to 10MB. If the limit is exceeded, your email might not be received by Fisheries and Oceans Canada. It is suggested that you compress the email size to ensure delivery. Bidders are responsible to send their proposal and to allow enough time for Fisheries and Oceans Canada to receive the proposal by the closing period indicated in the Phase 1 – Request for Qualifications. **Emails with links to bid documents will not be accepted.**

For bids transmitted by email, Fisheries and Oceans Canada will not be responsible for any failure attributable to the transmission or receipt of the email bid.

Bids transmitted by facsimile to Fisheries and Oceans Canada will not be accepted.

4. Appendix 2 – Phase 1 Qualification Form, the **front page of the Request for Qualifications** and any required associated document(s) shall be submitted by email as a pdf attachment with the following information clearly typed in the subject line:

- Phase 1 Qualification Form; and
- Solicitation Number.

Any clarifications or changes to the Phase 1 – Request for Qualifications will result in an addendum being posted on [CanadaBuys](https://www.canadabuys.ca) and will be included as an amendment to the Request for Qualifications to the bid solicitation. The first page of all addendum(s) that have been duly signed/initialed verifying proof of receipt or written acknowledgement of receipt of addendum(s) should be submitted with the bid but may be submitted afterwards. If any addendum(s) are not acknowledged as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the documentation within the time frame specified will render the bid non-responsive.

5. TECHNICAL DIFFICULTIES OF BID TRANSMISSION

Despite anything to the contrary in (05), (06) or (08) of the Standard Instructions, where a Bidder has commenced transmission of its bid in advance of the bid solicitation closing date and time, but due to technical difficulties, Canada was unable to receive or decode the entirety of the Bid by the

deadline, Canada may nonetheless accept the entirety of the Bid received after the bid solicitation closing date and time, provided that the Bidder can demonstrate the following:

- i. The bidder contacted Canada in advance of the bid solicitation closing date and time to attempt to resolve its technical difficulties; OR
- ii. The electronic properties of the Bid documentation clearly indicate that all components of the Bid were prepared in advance of the bid solicitation closing date and time.

6. COMPLETENESS OF THE BID

After the closing date and time of this bid solicitation, Canada will examine the Bid to determine completeness. The review for completeness will be limited to identifying whether any information submitted as part of the bid can be accessed, opened, and/or decoded. This review does not constitute an evaluation of the content, will not assess whether the Bid meets any standard or is responsive to all solicitation requirements, but will be solely limited to assessing completeness. Canada will provide the Bidder with the opportunity to submit information found to be missing or incomplete in this review within two business days of notice.

More specifically, the bid will be reviewed and deemed complete when:

1. The certifications and guarantees required at the close of bidding are included;
2. The bids are properly signed and the bidder is correctly identified;
3. The terms and conditions of the invitation to bid and the subsequent contract are accepted;
4. All documents created prior to the closing of the invitation to tender have been duly submitted to Canada, but due to technical difficulties, Canada has been unable to receive them;
5. All certifications, declarations and evidence created before the closing of the invitation to tender have been duly submitted to Canada, but due to technical difficulties, Canada was unable to receive them.

COMPLETENESS OF THE BID CHECKLIST

Bids will be reviewed and deemed to be complete when the following elements have been submitted by the bidder:

Complete (Y/N)	Action Taken
	Certifications and securities required at bid closing are included.
	Bids are properly signed, that the bidder is properly identified.
	Acceptance of the terms and conditions of the bid solicitation and resulting contract.
	All documents created prior to bid closing but due to technical difficulties Canada was unable to receive them, have been properly submitted and received by Canada.
	All certifications, declarations and proofs created prior to bid closing but due to technical difficulties Canada was unable to receive them, have been properly submitted and received by Canada.

7. PROCUREMENT STRATEGY FOR INDIGENOUS BUSINESS

7.1 Conditional Set-Aside under the Federal Government Procurement Strategy for Indigenous Business (PSIB)

This is an open tender. However, it will be conditionally set-aside under the Government of Canada's Procurement Strategy for Indigenous Business (PSIB) if two or more bids have been received by Indigenous businesses who are certified under the Procurement Strategy for Indigenous Business (PSIB) criteria and who may be listed in the Government of Canada's [Indigenous Business Directory](#).

If your Indigenous business is not yet registered in the Indigenous Business Directory, please do so at the link provided above. If bids from two or more Indigenous businesses are compliant with the terms of the Request for Proposal, the contracting authority will limit the competition to those Indigenous businesses and will not consider bids from any non-Indigenous businesses that may have been submitted.

If the bids from the Indigenous businesses are found to be non-compliant or non-responsive or are withdrawn, such that fewer than two compliant bids from Indigenous businesses remain, bids from all of the non-Indigenous businesses that had submitted bids will then be considered by the contracting authority.
