## SI12 BID CHALLENGE AND RECOURSE MECHANISMS

- (a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's [CanadaBuys](#) website, under the heading "[Following up on a bid | CanadaBuys](#)" contains information on potential complaint bodies such as:
  - Office of the Procurement Ombudsman (OPO)
  - Canadian International Trade Tribunal (CITT)
- (c) Suppliers should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

The Office of the Procurement Ombud (OPO) was established by the Government of Canada to provide an impartial, independent venue for Canadian bidders to raise complaints regarding the award of certain federal contracts under \$34,700 for goods and \$139,000 for services. If you have concerns regarding the award of a federal contract below these dollar amounts, you should contact OPO by e-mail at [ombudsman@opo-boa.gc.ca](mailto:ombudsman@opo-boa.gc.ca), by telephone at 1-866-734-5169, or by web at [www.opo-boa.gc.ca](http://www.opo-boa.gc.ca). For more information on OPO's services or to determine if your concerns are within the Ombud's mandate, please see the [Procurement Ombudsman Regulations](#) or visit the [Office of the Procurement Ombud website](#).

Canada will provide the Bidder with the opportunity to submit information found to be missing or incomplete in this review within two business days of notice.

Specifically, the bid will be reviewed and deemed to be complete when the following elements have been submitted by the bidder:

1. That certifications and securities required at bid closing are included.
2. That bids are properly signed, that the bidder is properly identified.
3. Acceptance of the terms and conditions of the bid solicitation and resulting contract.

## SC09 RECIPROCAL PROCUREMENT COMPLIANCE.

**Change of Location of Place of Business.** The Contractor must notify the Contracting Authority in writing within 10 calendar days of any change in the location of its place of business taking effect, or, if the Contractor is a joint venture, any change in the location of the place of business of any member of the joint venture. Where possible, Canada requests that the Contractor provide as much advance notice as possible in writing of any proposed or planned change to the Contractor's place of business.

**Termination Due to Change of Location.** If Canada determines in its sole discretion that a change in location results in the Contractor no longer qualifying as a Canadian Supplier or a Supplier of an Applicable Trading Partner as defined below under this solicitation of offers, Canada may terminate the contract for default. It may also terminate the contract on a "no-fault" basis by providing thirty days notice to the Contractor.

Canada will only pay according to the Basis of Payment, for any part of the Work delivered, inspected, and accepted up to the date of termination. Despite any other provision of the Contract, there will be no other costs that will be paid to the Contractor as a result of the termination.

- (d) Removal or weakening of support of any structure or land whether such support be natural or otherwise if the work is performed by the insured contractor.

The policy must have the following minimum limits:

- (a) **\$2,000,000** Each Occurrence Limit;
